SHOWCASE YOUR BUSINESS BY SUPPORTING THE

JUNE 3-4, 2017

**Join the team that presents one of
East Tennessee's most popular events!**

The members of the GFWC Suburbia Woman's Club (a 501(c)(3) nonprofit) organize and execute an extremely successful annual festival— The Lenoir City Arts and Crafts Festival— in the first full weekend in June. In 2017, we will celebrate 55 years of holding this festival in the East Tennessee Region. The average yearly attendance is between 5,000 and 7,000 people. Anywhere from 150 to 200 artists, craftsmen, musicians, and food vendors participate in the festival offering a variety of goods, culinary choices, entertainment, and outstanding artistry from all over the Southeast.

The Lenoir City Arts and Crafts Festival is a tradition in the East Tennessee area that has garnered the respect and support of the surrounding community and region. In the last 54 years, the money raised by the GFWC Suburbia Woman's Club has been used to help the local communities.

By supporting this festival, it benefits everyone in four ways: first, proceeds are given back to the community via financial donations to charitable organizations and college scholarships; second, you provide a venue for artisans to promote and sell their crafts; third, you bring awareness of the resources that are available within the local community; and finally, visitors can enjoy taking in the scenery of an award-winning lake community.

Join us in supporting our community by becoming a sponsor of this annual event.
